

CAP Course Outline Recommendations
Practicum-Field Experience (Revised June 2020)

Course Description:

Demonstration of developmentally appropriate early childhood program planning and teaching competencies under the supervision of ECE/CD faculty and other qualified early education professionals. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Reflective practice will be emphasized as student teachers design, implement, and evaluate approaches, strategies, and techniques that promote development and learning. Includes exploration of career pathways, professional development, and teacher responsibilities.

Student Learning Outcomes:

1. Design and implement curriculum and environments that are developmentally and linguistically-appropriate, engaging, and supportive of development and learning based on foundations of early childhood education and knowledge of individual children.
2. Apply a variety of teaching strategies, manage the classroom, monitor children's development and learning, guide behavior, and use reflection on teaching practice to guide future planning.
3. Demonstrate the skills of a professional teacher including effective communication, ethical practice, responsibilities to children and families, and commitment to ongoing professional development.

Objectives:

1. Apply current research and developmental theories to plan experiences for young children.
2. Demonstrate developmentally appropriate, professional, and ethical practices in supervised early childhood classrooms.
3. Plan, implement, and evaluate curriculum based on the needs and interests of young children to engage them in learning.
4. Use documentation and assessment to monitor children's progress and to adjust learning experiences.
5. Analyze the impact of the classroom environment and daily routines on children's behavior.
6. Demonstrate how to adjust curriculum, environments, routines, and teaching strategies to meet the individualized needs of young children.
7. Identify and implement strategies to prevent and/or address young children's challenging behaviors and to help children learn to resolve conflicts.
8. Describe strategies for communication and collaboration with families to support young children's development and learning.
9. Reflect on student teaching experiences to guide future teaching and collaborative practices.
10. Describe the responsibilities and expectations of teachers regarding the supervision of and collaboration with other adults in the ECE setting.
